This is it folks. EA SPORTS FIFA 22 IPR hits shelves just in time for Thanksgiving in the United States, and this year’s issue is no less than a showcase of Real Madrid vs. Juventus.

For those who haven’t heard, Spanish giants Madrid and Italian powerhouse Juventus have long been the top two club sides going head-to-head for the UEFA Champions League, and FIFA 22 not only delivers a blockbuster Real vs. Juve goal feast, but it has a number of

firsts that will help define the publisher's line of fantasy football simulation games.

And the biggest - of course - is the addition of EA SPORTS branded virtual officials to the game, a first for FIFA.

Real Madrid vs. Juventus: It's only Real vs. Juventus.
